

Dear Bloomsburg University Camper Parent/Guardian:

Welcome to Bloomsburg University Camp! We, the Athletic Training Staff, hope your child has a wonderful time sharpening his/her athletic skills. We want to take this opportunity to make you aware of the services that we will be providing. The athletic training room will be open at set times during camp, and will be staffed with a certified athletic trainer. The services that we will provide consist of **CPR and First Aid, ice bags, Band-Aids, and referral to the Emergency Department at Bloomsburg Hospital (if needed)**. The hospital is conveniently located next to the campus. **We will not be able to provide any preventative taping or injury therapy of any kind.**

If you registered online, you were asked to answer a number of health related questions (insurance carrier, physician's name, etc). As long as you answered each question, we have all the information we need. If the medical information provided is incomplete, your child will **not be able to participate** at camp. If for some reason you were not given the chance to answer these questions during the online registration process, please contact James Updike, Director of Summer Camps, at jupdike@bloomu.edu in order to correct this system error.

If you registered by mail, please return the accompanying hospital form (health history). Without this form completed, your child will **not be able to participate** at camp.

****Please note, if your child does not have health insurance he/she unfortunately will not be able to participate in camp.**** This will ensure that your child receives the appropriate care if he/she is sent to the hospital. The health information (online registration) or health form (mail registration) is required by the hospital since your child is a minor. The form authorizes hospital staff to evaluate your child as well as provides them with your child's medical history.

We wish all campers a SAFE and FUN experience while they are here at Bloomsburg University.

Sincerely,

The Athletic Training Staff at Bloomsburg University
